

## Endless Journey Child Care Emergency Care

In case of a medical emergency, I understand that if needed, my child will be transported to a medical facility for treatment, by an emergency unit. This transportation will be at the expense of the parent.

It is understood that in some medical situations the staff of Endless Journey Child Care will need to contact an emergency resource before they contact the parents, the child's physician, and / or another adult acting on the parents' behalf.

I give permission to Endless Journey Child Care to take whatever emergency actions are judged necessary for the care of my child attending their center.
